

Don't despair! Bill makes it better for Wealden Business Group

The latest survey among members of Tenterden-based networking organisation Wealden Business Group showed that business prospects were good and getting better. So why did members hold their heads in their hands at the latest meeting?

No, it wasn't a demonstration of despair at some unforeseen economic calamity. It was simply local osteopath Bill Ferguson encouraging a little audience participation during his presentation on the healing benefits of cranial osteopathy.

Wealden Business Group comprises 31 owner managers of businesses across the Weald, meeting each week at The Little Silver Hotel, Tenterden to exchange sales leads and referrals, hear presentations from members, and enjoy a lively social calendar and fundraising programme.

New members wishing to join Wealden Business Group should contact WBG secretary Peta Ashby on 01580 763911 or 07843 270228, email peta@challenge-tv.eu
