

SUPERCHARGE YOUR COMPANY WITH...

The **BUSINESS** **EDGE**

THE IDEA

Wealden Business Group, the successful professional networking organisation for small and medium sized companies, is offering a **year's free membership** to a new business launched in the past three years - including free consultations with key professionals.

- We meet each week to exchange business leads, and our members include some of Kent's leading, and most experienced, specialists in marketing, PR, law, finance and IT.
- You need the help of experts such as these to supercharge your new business, but can't afford them.

Well, now you can. Annual membership of **Wealden Business Group** plus consultation fees for professional experts would normally cost you thousands of pounds. **The winner of The Business Edge will receive all this for free!**

All you have to do is explain in 100 words or less why your company deserves to win **The Business Edge**.

Three shortlisted candidates will be asked to come along to a meeting of the **Wealden Business Group** and present their case in a two-minute pitch.
